How long have you been a resident and a registered voter in the Trout Lake School District?

Please note: If you haven't voted in an election in the last five years, Klickitat Co. may have purged you from their registered voter list. Call the Klickitat Co. auditor at 509-773-4001 to check and/or register.

Resident: 9 years Registered voter: 33 years

Please briefly describe why you are interested in becoming a member of the Trout Lake Community Council and what you can contribute to it.

When I moved to Trout Lake almost a decade ago, this community supported me and my 3 children in ways that I couldn't have imagined. Since then I have sought out ways to learn about and build up this amazing place that I call home. I continuously strive to build community, support others and connect folks to services and people who can meet whatever needs arise in our community.

I value being part of a community that pulls together when there is a crisis. The Williams Mine Fire reaffirmed to me how special this community is and how much being a part of a strong community matters. I value the lived experience that the community of Trout Lake encompasses and how much I learn from you all every day. I value making this community stronger

As a member of the council for the last seven years, I have loved supporting the community in various means. As the secretary for the council, I appreciate being able to use my skills to communicate with the community in tangible ways. I would love to continue my service to Trout Lake in this capacity and value your vote.

Sign and date Joanna T Turner 9/24/2024
