Dear Ms Anderson:

Thank you for the opportunity to comment on Short Plat No. SPL 2024-03, submitted by Fred Paxson and Diane Paxson.

The Trout Lake Community Council (The Council) monthly meeting was on February 6, 2024 and we met via Zoom. We discussed the above mentioned documents

The Council does not have any specific comments on the proposal. The proposal appears to be consistent with current zoning and no issues were specifically identified. We do appreciate the completeness of the documentation provided for review and comment.

Respectfully,

DAINA L. BAMBE  
Chair, Trout Lake Community Council
