Agenda and minutes approved as presented.

Special Session: troutlake.org

Community residents and council members expressed their thoughts and ideas for the future of troutlake.org. Common themes included:

- TLCC information, such as agendas and mission, featured prominently.

- “One stop” hub for information relating to the community.

- Funding and administration

Dialog-

Some members expressed concern regarding conflicts of interest, and the challenges of “co-sponsoring” a website. After some debate, the TLCC decided that the preferred avenue to a council specific website was to administer a subdomain connected to Dave Wampler’s troutlake.org. Further discussion will be required on the subject of funding, but a donation may cover part or all of the costs for 2021.

The TLCC voted to pursue additional information on a subdomain to troutlake.org, as a paying client, rather than a collaborative member to the website.

Dave Wampler offered to draft a proposal and a document detailing the scope of the project.
