Agenda Review	Daina	
All good		

Special Meeting topics:

Redistricting review – Update and decision	Pat and Laurie	15 min
---------------------------------------------------	-----------------------	---------------

Pat: The judge ruled that the BOCC did not adequately meet the requirements for redistricting. The county is going to have a public meeting on 4/19. There is confusion whether they will take public comment. The judge is on vacation and hasn't responded to whether the county needs to take public comment and the BOCC won't decide until they hear from the judge. The general public comment period is only for things NOT already on the agenda.

Laurie Motioned that the council reached out to the community to let them know the court decision and that there will be a hearing. Gail second. Moved and carried

Joanna moved that the council prepare and submit testimony that we are an existing community with natural boundaries and have related and mutual interest and should be reunited into one precinct. 2nd by Lucas. Moved and carried

Community Forest Discussion		90 min
------------------------------------	--	---------------

Overview of parcels	Pat	
----------------------------	------------	--

Overview of current zoning	Pat
